Education

Veermata Jijabai Technological Institute (VJTI, Mumbai)

Aug 2023 – Present

Bachelor of Technology in Computer Engineering

(2027)

Minor in Entrepreneurship and Innovation

Relevant Coursework

- Data Structures and Algorithms
- DBMS
- OOPS
- Digital Logic Design
- Computer Networks
- Computer Organization

Projects

HostelConnect | *React.js, Node.js, Figma, MongoDB*

2026

- Building a comprehensive web platform aimed at simplifying hostel admissions while creating a digital space for students to connect, collaborate, and support one another.
- Developing interactive modules for book exchange, food sharing, parcel assistance, and a dedicated help section for girls, promoting a safe and supportive hostel ecosystem.
- Prioritizing user experience, responsive design, and data security to ensure seamless functionality and trust among users.

Two Shot Glare Removal | *Python, OpenCV, NumPy, Matplotlib*

2025

- Conducted comprehensive evaluation of a two-shot glare removal system, analysing input/output image pairs to measure the efficacy of glare suppression and visual quality restoration.
- Employed quantitative metrics such as PSNR (Peak Signal-to-Noise Ratio), SSIM (Structural Similarity Index) and subjective visual assessment to compare model outputs across varied lighting and glare conditions.
- Generated detailed evaluation reports highlighting performance bottlenecks, edge-case behaviours (e.g., severe flare, multiple light sources) and recommended improvements to dataset collection and algorithmic tuning

Portfolio 📁 | *VS code, React.js, Node.js, Figma*

2024

- Built my personal portfolio website using React.js and Node.js to showcase my projects, technical skills, and creative journey.
- Designed an elegant and responsive interface in Figma, focusing on smooth navigation, modern visuals, and a cohesive brand identity.
- Added interactive animations and dynamic project sections to make the browsing experience engaging and visually appealing.

Technical Skills

Languages : Python, C++, Javascript/Typescript

Libraries : NumPy, Pandas, Matplotlib

Developer Tools : VS Code, Figma, Google Colab, Git, GitHub

Technologies/Frameworks : HTML-CSS-Javascript, React.js, Node.js

Leadership / Extracurricular

Rangvardhan Cultural Committee

2024 – Present

- Head of Department: Led the Rangvardhan Cultural Committee, managing events and team coordination to boost student participation.
- Content Creation Team: Created event scripts and promotional content to enhance engagement and cultural reach.

Achievements

- **Data Analytics Job Simulation – Deloitte (Forage)** 📁; Completed practical tasks in Data Analysis and Forensic Technology.
